🖼️ Portfolio/Abhishek Gupta

Summary

Results-driven Full-Stack Web Developer with a strong understanding of modern web development principles. Proficient in building responsive, user-centric applications using clean, maintainable code and scalable architecture. Passionate about continuous learning, agile methodologies, and contributing to impactful team-driven projects.

Technical Skills

Languages: JavaScript, HTML5, CSS, C
Database: MongoDB, MySQL
Technologies and Frameworks: React.js, Node.js, Express.js, REST APIs, Socket.IO, WebRTC, Tailwind CSS
Developer Tools: Git, GitHub, VS Code, Postman

Projects

Stayora – Airbnb Clone (Full Stack Web App)   Live Link
Tech Stack: Node.js, Express.js, MongoDB, Cloudinary, JavaScript, Bootstrap, CSS
- Developed a full-featured room booking platform with user authentication, authorization, and secure session handling using Passport.js
- Implemented image uploads via Multer and Cloudinary, and integrated full CRUD operations for property listings
- Enhanced user experience with form validations, flash messages, and clean responsive UI

Zoom Clone – Real-Time Video Chat App   Live Link
Tech Stack: React.js, Node.js, Express.js, MongoDB, WebRTC, Socket.IO, CORS
- Developed a video conferencing app with real-time video and chat and save the history
- Integrated WebRTC for peer-to-peer media streaming
- Used Socket.io for live messaging and responsive UI

JavaScript and React Mini Projects
Tech Stack: JavaScript, React.js, Tailwind CSS, HTML, CSS, Fetch API
- **To-Do App** – Task list with add/edit/delete features and local storage using React and Tailwind
- **Form Validator** – Real-time input validation
- **Math Game –** Simple timed arithmetic quiz**,** Responsive UI experiment
- **Infinite Scroll** – Dynamically loaded images from the Unsplashed Api using Fetch on scroll
- **Simon Game** – Classic memory game with color pattern repetition and levels

Education

B.Sc. in Computer Science   2020-2023
Dr. Bhimrao Ambedkar University, Agra Uttar Pradesh
Grade: 83%
- **Relevant Coursework:** Data Structures and Algorithms, C, C++, Operating Systems, DBMS, Object-Oriented Programming, Computer Networks.

Interests

- **Web Development**: Passionate about building scalable, user-friendly web applications.
- **Problem-Solving**: Actively participate in algorithm challenges and coding competitions.
- **Tech Communities**: Member of local and online development forums for knowledge sharing.
- **Personal Projects**: Constantly building new projects to improve my skill set.
